

LOYOLA COLLEGE, VETTAVALAM
DEPARTMENT OF COMPUTER APPLICATIONS
MENTORING REPORT 2017-2018

Objectives of Mentoring

- Enhances the teacher learning process making it more student centric.
- To address stress related issues.
- Provide impartial advice and encouragement to the students.
- Promotes decision making abilities that supports goals, abilities and aspirations and help students to take better control of their career.
- Develop a supportive relationship between staffs and students.
- Create a positive work environment both in teaching and learning activities.
- Facilitates better placement to the students.
- Promotes effective utilization of infrastructures and resources.

Mode of Mentoring

- Mentees shall be assigned to the mentors right from the first year of the programme.
- Mentor has 14 mentees.
- The mentees preferably be attached to the same mentor for the entire duration of the programme.
- The mentoring system focused on academic progress and co-curricular progress.
- All students will be mentored by the respective mentors after every internal assessment test and university results. This enables the mentors to monitor the progress of each student.
- Toppers are motivated to score university ranks with good percentage.
- Slow learners are advised to attend the coaching classes for better understanding of the subjects.
- College toppers are awarded based on their academic performance.
- The students are developed well with knowledge and technical supports that help the students to develop their future career.

Outcomes of Mentoring

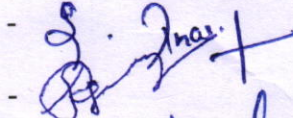

- Students feel at ease with the mentor to interact.
- Students develop a trust with the mentor.
- Students find mentoring an opportunity to get proper guidance and counsel.

General Observations

- Our department students have actively participated in several co-curricular activities inside and outside the colleges.
- Students have participated in wide range of events suggested by the faculty.
- Students have increased their technical and development skills.
- Participations in extra-curricular activities mould their character and personality. Student emerges both physically and mentally strong. Such participants increase the confidence of the students.
- Value- Added courses, placement training programmes, skill development programmes have brought best outcomes to the students.
- 37 students have received the scholarships in various domains and they are highly benefitted to the student's well being in their studies.
