

PIXLOVE Association - Departments of Computer Science and Computer Applications

We are PIXLOVE, the Pixels of Loyola College Vettavalam - a unique Association of the Departments of Computer Science and Computer Applications. We have organized quite a lot of activities during the academic year 2012-13. The sole goal of our activities is focused towards updating the knowledge and skills of our students in a practical and relevant manner. Prof D. Jocil and Prof A. Vinoth Edayan were selected the President and the Secretary of PIXLOVE respectively. And Mr. Praveen Fernandez and Mr. Krishnamoorthy were chosen the student Secretaries of our Association.

Inauguration of PIXLOVE Association

The inaugural function of PIXLOVE Association was held on 19th July 2012 in a simple but meaningful way. Prof. Paul Rajan, the Associate Professor of the Department of Computer Science, Pope John Paul II College of Education, Puducherry was the Chief Guest of the

Function and Rev. Fr. J. M. Das, S.J., Principal of Our College presided over the function. After invocation to God and cordial welcome to the Chief Guest, he gave the inaugural address on the theme “Tips and Tricks in Computer Management and Cloud Computing”. The students were

enlightened with the relevant and thrilling topic in Computer Science. Certainly the inaugural address set the tone of our students for learning some of the practical and modern methods of computer applications for the entire academic year.

In the second session, the students gave a power point presentation in the following topics:

1. Blue Ray Technology
2. Virus
3. Cloud Computing
4. Networking

The following two students were the prize winners among the power point presenters:

1. Mr. Motcharaj, - II BCA
2. Mr. Siva - III Computer Science

The climax of the day was the fact that the Students of BCA publishes a video with the curriculum vitae of the Staff of the Departments in an awesome manner.

Soon after the Inaugural function the Staff of Computer Departments had an elaborate discussion with the Chief Guest of the Function on the process and steps to be undertaken by them for Ph.D Studies in Computer Science.

Seminar on the Current Trends and Techniques

We conducted a seminar on the topic “Current Trends and Techniques” on 19th December 2012. Prof. Vimal Jerald, Associate Professor in Computer Science, St. Joseph’s College (Autonomous), Tiruchirappalli was the Resource Person of the programme. He shared with the Staff and Students the in-depth knowledge about the recent technology “Android”. The presentation was very useful to all of us in applying the basic knowledge of Computer in real life situations. The students learnt about the process of developing an android program. The real success of the program, on the part of the Students, was the inducement of acquiring further knowledge about the android technology.

At the end of the Seminar, the Staff discussed with the Resource Person on the ways and means of including ‘Android’ in the future curriculum.

Workshop on Professional Communication

Becoming more convinced of the effect of communication on modern development, the PIXLOVE Association organized a one day workshop on 9th February 2013, Professional Communication by Prof. Vivek Roshan, the Associate Professor in Computer Applications, Sacred Heart College, Tirupattur. The primary goal of this workshop was to enable the students to realize the need for professional communication in social life.

The interesting part of the workshop was that the Staff enacted a skit for the students. The theme of the skit was focused on Communication. The students not only enjoyed the skit but learnt the valuable lesson of professional communication in their everyday life.

Workshop on Cloud Computing and Mobility

On 22nd February 2013, we conducted a one day workshop on Cloud Computing and Mobility. The Resource Person for this august workshop was Prof. John Tom Rajendiram, Senior Solution Architect, Sathyam Pvt., Limited, Chennai. The students were so excited about the topic that they went on asking questions for quite long hours.

We were proud of having such an expert in the field of Computer Science. We are grateful to our Principal Rev. Fr. J.M. Das, S.J., for bringing in such an eminent scholar in Computer Science. We had sufficient time to clarify all the doubts regarding Cloud Computing and Mobility.
